PROFESSIONAL SUMMARY

I am a UI/UX Designer with over 3 years of experience designing intuitive, user-centered web and mobile experiences. I am skilled in creating user flows, workflow analysis, wireframes, and interactive prototypes using Figma to solve complex usability challenges. I collaborate closely with product managers and engineers to deliver consistent, accessible, and scalable design solutions. I am passionate about improving usability, reducing cognitive load, and supporting users in complex decision-making environments.

WORK HISTORY

UI/UX developer | Adwumapa On Demand Services - Accra, Ghana *04/2023 - 09/2024*

- Designed intuitive user experiences by translating user needs and business requirements into user flows, wireframes, and interactive prototypes using Figma.
- Conducted workflow analysis to identify usability gaps, reduce user friction, and improve navigation clarity across web applications.
- Created interactive prototypes to communicate high-level workflows and specific UI interactions to stakeholders and front-end engineers.
- Collaborated closely with engineers to support the translation of design concepts into functional user interfaces while preserving design intent.
- Led usability testing and incorporated feedback to improve usability, accessibility, and user engagement.
- Applied accessibility best practices (WCAG) and design standards to ensure consistent, inclusive, and user-centered experiences.

Junior Systems administrator | Takoradi Technical University - Takoradi, Ghana *11/2021 - 11/2022*

- Installed and configured 3 TP-Link access points, expanding network coverage and ensuring seamless connectivity for students and staff.
- Configured a FortiGate firewall with access controls, VPNs, and IPS, reducing security incidents by 40% and protecting sensitive student data.
- Maintained and updated Windows Server, achieving 99.9% uptime and ensuring secure, uninterrupted operations.

Junior Systems Administrator | Multi-Credit Bank (Internships) - Takoradi, Ghana *06/2018 - 08/2020*

- Administered 10+ Active Directory accounts, maintaining secure user access and reducing permission errors by 30%.

- Deployed and updated software across 10 systems using WSUS and APT, achieving 95% compliance with the latest security patches.

SKILLS & TOOLS

- UX Research
- Usability Testing
- A/B Testing
- User Journey Mapping
- Data Visualization
- Cross-functional Collaboration
- Design Thinking
- Visual Design
- Wireframing
- Prototyping
- Information Architecture
- Agile/Scrum
- Accessibility guidelines (WCAG)
- Interractions Design

Tools:

- Figma
- Framer
- Miro
- Google Analytics
- UX Pilot
- Slack
- Notion
- InVision
- UserTesting

EDUCATION

Kessben University College - Kumasi *08/2017 - 06/2021*
Bachelor of Science: Information Communication and Technology - Best project work of the 2020/21 academic year

ST. Mary's Boys' Senior High School - Takoradi *08/2011 - 05/2014*
Wassce: General Arts

AWARDS, ACCOMPLISHMENTS, AND HONOURS

Awarded Best Project Work (2020/2021) for a final-year project on sorting algorithms, currently under review for international publication.

CERTIFICATIONS AND LICENSES

Google UI/UX design certificate|Google/Coursera
